1. INTRODUCTION

Fetakgomo Tubatse Local Municipality (FTLM) seeks to appoint a suitable, experienced and qualified external Service provider for the development of fetakgomo tubatse long term economic growth strategy. This initiative comes at a time where the municipalities of former Greater Tubatse and Fetakgomo amalgamated and this process shall ensure that the new municipality embark on a new growth path to enhance economic development.

2. BACKGROUND

The **Fetakgomo Tubatse Local Municipality (FTLM)/ LIM476** is one of four local municipalities within the Sekhukhune district, Limpopo province. The municipality was formed as a sequel to an amalgamation between the former Fetakgomo Local Municipality and former Greater Tubatse Municipality, which municipalities were established after the 2000 Local Government Elections as an outflow of the municipal demarcation board.

The former FTM and former GTM were classified as categories B municipalities due to their spatial and economic characteristics.

The political governance of the municipality, Lim 476, is operated on a collective executive system combined with a ward participatory system. The municipality has a total of 39 wards, making it the third (03) largest municipality in the Limpopo Province in terms of wards after Polokwane with 45 wards and Thulamela with 41 wards. The municipality has a total of 77 councillors and of these, are 39 ward councillors. The Executive Committee of the municipality is led by the Mayor while the municipal Speaker presides over the Council in terms of Section 37 and 49 of the Local Government: Municipal Structures Act 117 of 1998 respectively.

The municipality comprises approximately 342 villages. The municipality is largely dominated by rural landscape with only 06 (six) proclaimed townships. Like most rural municipalities in the Republic of South Africa, LIM 476 is characterised by weak

economic base, inadequate infrastructure, major service backlogs, dispersed human settlements and high poverty levels.

This led to description of various municipal categorisation, for example, in its 'State of Local Government in South Africa: Overview Report, the Department of Cooperative Governance (CoG) (2009:22) Fetakgomo Tubatse local municipality is a category B4 municipality which is characterised as mainly rural, located in economically depressed areas, consequently.

- It should ensure that the local citizens are at the Centre of development and are the main role players in achieving the Vision of the municipality.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
