

FETAKGOMO TUBATSE LOCAL MUNICIPALITY

Message to Matriculants

The time of the year has come where Grade 12 learners are sitting for the Matric final examinations. These are the examinations that decide whether one is able to pursue tertiary education or not. It has been a hard year characterized by intensive reading and extra school work. We are positive that when the results are announced, those who burned the mid – night oil will be well rewarded.

On behalf of the Fetakgomo Tubatse Municipality, I would like to take this opportunity to wish every matric learner all the best in the examination. We also like to thank the parents, educators and other role players who made it possible for learning to be conducive throughout the year.

We would like to encourage those whose results will not be favorable to go back and rectify their mistake. We wish you well and all the best.
