The target dates describe the timeframe in which the work must be achieved. The weightings show the relative importance of the key objectives to each other.
- 4.4 The Employee's performance will, in addition, be measured in terms of contributions to the goals and strategies set out in the Municipality's IDP.
- 4.5 The Municipality will make available to the Employee such support staff as the Employee may reasonably require from time to time to assist him to meet the performance objectives and targets established in terms of this Agreement; provided that it will at all times remain the responsibility of the Employee to ensure that he complies with those performance obligations and targets.
- 4.6 The Employee will at his request be delegated such powers by the Employer as may in the discretion of the Municipality be reasonably required from time to time to enable him to meet the performance objectives and targets established in terms of this Agreement.

6.1 Annexure "A" to this Agreement sets out:

6.1.1 the standards and procedures for evaluating the Employee's performance; and

6.1.2 the intervals for the evaluation of the Employee's performance.

6.2 Despite the establishment of agreed intervals for evaluation, the Employer may, in addition, review the Employee's performance at any stage while the Contract of Employment remains in force.

6.3 Personal growth and development needs identified during any performance review discussion must be documented and, where possible, actions agreed.

6.4 The annual performance appraisals must involve:

(a) Assessment of the achievement of results as outlined in the performance plan:

- (i) Each KPA should be assessed according to the extent to which the specified standards or performance indicators have been met and with due regard to ad hoc tasks that had to be performed under the KPA.
- (ii) An indicative rating on the five-point scale should be provided for each KPA
- (iii) The applicable assessment rating calculator must then be used to add the scores and calculate a final score.

(b) Assessment of the CCRs

- (i) Each CCR should be assessed according to the extent to which the specified standards have been met.
- (ii) An indicative rating on the five-point scale should be provided for each CCR
- (iii) This rating should be multiplied by the weighting given to each CCR during the contracting process, to provide a score.
- (iv) The applicable assessment rating calculator must then be used to add the scores and calculate a final CCR score.

### Overall Rating

- (i) An overall rating is calculated by using the applicable assessment-rating calculator. Such overall rating represents the outcome of the performance appraisals.
- (ii) The assessment of the performance of the employee will be based on the following rating scale for KPA's and CCR's (i.e the following table will be used in determining the payment of the reward):

PERFORMANCE APPRAISAL OF KPA's AND CCR's			
LEVEL	DESCRIPTION	RATING	ASSESSMENT SCORE
Level 5: Outstanding Performance	Performance far exceeds the standard expected for the job in all areas of the manager. The manager has achieved exceptional results against all performance criteria and indicators specified in the Performance Plan and maintained this in all areas of responsibility throughout the year.	5	167
Level 4: Performance significantly above expectations	Performance is significantly higher than the standard expected for the job in all areas. The manager has achieved above fully effective results against more than half of the performance criteria and indicators specified in the Performance Plan and fully achieved all others throughout the year.	4	133 - 166
Level 3: Fully effective	Performance fully meets the standard expected for the job in all areas. The manager has achieved effective results against all significant performance criteria and indicators specified in the Performance Plan and may have achieved results significantly above expectations in one or two less significant areas throughout the year.	3	100 - 132
Level 2: Performance not fully satisfactory	Performance is below the standard required for the job in key areas. The manager has achieved adequate results against many key performance criteria and indicators specified in the Performance Plan but did not fully achieved adequate results against others during the course of the year. Improvement in these areas is necessary to bring performance up to the standard expected.	2	67 - 99
