Chapter 1

INTRODUCTION & OVERVIEW

1.1. Mayoral Foreword

The 2009/10 financial year has brought many changes and challenges to our Municipality. We felt the effects of the Economic meltdown at the beginning of the financial year. This became evident when the number of the paying customers went down and affected the implementation of programmes and projects that were promised to our people. We went back to the drawing board and scaled down some of the important projects. However, we still commit ourselves that the promises we have made to our communities will be delivered taking into account the service delivery backlogs we experience in our Municipality.

We would like to take this opportunity to extend our heartfelt condolences to the families of Cllr NE Kgweni and Cllr SN Kgoedi who passed away due to illness. It was a difficult period for the Council to recover from the severe blow that we were dealt with the passing on of the two gallant fighters who in their lifetime fought for the emancipation of our people from oppression and starvation. Their spirit will ever remain in our thoughts and hearts and we say rest in peace. In the year under review, Cllr PP Motene resigned to pursue private interest and Cllrs Moeng O, Serothoane O and Mkhabela F joined the Municipality to fill the created vacancies. Their contributions will go a long way in uplifting the lives of our people.

As the Mayor of the Greater Tlhabane Municipality it is an honour for me to present the detailed report of the activities that the Municipality embarked upon in the 2009/10 financial year. Our Municipality is predominantly rural and the financial resources at our disposal are limited due to poor revenue base. Despite the challenges alluded, we have strived to put smiles upon the faces of our people by providing basic services like water, electricity, cemeteries, access bridges, access roads and accounted correctly for every cent we had; and hence we obtained a qualified A.G. opinion for the first time in three years. We congratulate our administration for the outstanding work they have done. I am optimistic we are on the right track for operation clean audit in 2014.

In the year under review, we trained thirty two councillors including six members of the Executive committee and the Chip whip in the following courses: CPMD and ELMPD. Fifty three ward committee members were trained in SETA marketing course.

We would like to commend the support we received from the other spheres of government by intervening in areas where we encountered challenges. We would like to report that all commitments made have been fulfilled. The Municipal budget was R 203,79m and R46, 13m was set aside for the implementation of the Capital projects. The following are performance highlights of the 2009/10 financial year.

- Completion of access bridges at Tukakgomo, Ga-Manyaka, Diphale
- Electricity projects at Tswenyane, Lepelle, Dresden, Bokome and Kalkfontein
- Rural municipal access roads at Moraba, Kgautswane and Riba Cross to Ga-Riba
- Internal access roads at Ohrigstad and Praktiseer
- Completion of Community halls at Leboeng and Tjate

The Mareseleng access bridge and Burgersfort internal roads were not completed when the year ended; hence they will be carried over to the 2010/11 financial year. We are satisfied

with the quality of the work done and hope to maintain or surpass the current standard in the new financial year.

As part of speeding up service delivery, the Cabinet has given a directive to all government institutions to develop turnaround strategies. And our Municipality has adopted its Turnaround Strategy which will be implemented in the 2010/11 financial year.

We continue with our mandate to provide services to our communities. In the 2010/11 financial year, the Municipality will implement the following projects,

- Ngwabela internal roads;
- Burgersfort internal roads;
- Praktiseer internal roads;
- Swale and Tidintitsane access bridge;
- Lekgwareng access bridge(Motshana);
- Makofane access bridge;
- Bothashoek access roads;
- Ga-Phala to Modubeng access roads;
- Moeng community hall;
- Electrification of Mahlashi, Kgotlopong and Maepa; and
- IRMA project at Leboeng

We hope that the projects will go a long way in the realization of our vision of establishing South Africa's first democratic Platinum City in an intergrated manner. In strengthening our fight against unemployment and poverty most of our projects will be implemented though labour intensive programme.

I thank you

Hon Cllr.R.S. Mamekoa
Mayor: Greater Tubatse Municipality

1.2.The Municipal performance assessment by Municipal Manager

Thanks again to all GTM staff for the dedication and commitment shown in the course of the 2009/10 financial year, especially when A.G. was auditing our books. Your dedication has borne fruits. For the first time in three financial years the A.G. was able to qualify our books. I wish this may be our stepping stone to a clean audit in 2010/11.

Despite this pleasing audit outcome, the A.G. has identified areas which we need to address to improve our performance, which are; the establishment of both the Risk committee and information technology steering committee; the functionality of our Audit committee; accountability on the transfer of water asset to the Sekhukhune District Municipality and improvement on the development of our performance target “SMART”.I hope we will work together again to address the abovementioned issues.

Apart from A.G. Audit opinions, performance of municipalities are also gauged against their ability do well on the Five year Strategic Agenda Key Performance Areas, which are: *Municipal Transformation and Organisational Development; Basic Service Delivery; Local Economic Development; financial Viability and Management; and Good Governance and Public participation*. It is therefore imperative to us as the Municipality to report our performance against the above-mentioned KPAs. From the five year strategic Agenda our Municipality has developed thirteen strategic objectives which we have to attain to improve the lives of our people.

KPA 1: Municipal Transformation and Organisational Development

Under this KPA we have two strategic Objectives, namely: Develop and build skilled and knowledgeable workforce and attract and retain best human capital to become the employer of choice.

The key focus of these objectives is the empowerment of municipal employees to perform their task with excellence and minimize the number of municipal employees who leave the municipality for greener pastures.

Out of its 237 employees, the municipality has trained 69 staff members; 43 males and 26 females in different courses.

The municipality has become the employer of choice. It has attracted more people to those who left. 22 new people have joined the municipality compared to seven who left. To sustain this achievement, the municipality is reviewing its retention strategy, which will be implemented in 2010/11 financial year.

The performance management system of the municipality needs to be improved. It was discovered lacking by the A.G; its performance targets are found not being specific, measurable and time bound. The municipality has already developed a programme to address these findings; the programme will start during mid-year adjustment. Targets found not “SMART” will be adjusted to be in line with the required standard. Despite the above mentioned challenges, there are lot of performance related work done by the Municipality, namely; conducting of management reviews and ExCo-makgotlas which assess the institutional performance of the Municipality; and Production of quarterly, half-yearly and annually performance reports . The standing challenges which are planned to be addressed

in 2010/11 financial year are the cascading of PMS to lower employees and conducting Individual assessment to section 57 managers.

The Municipality was able to produce medium rated IDP which was adopted and approved in time by council.

KPA 2: Basic service Delivery

Provision of most of the key basic needs of our people is not our competency, that is, water, housing and electricity. Water is the competency of District municipality and we only had competency as water service provider in our urban areas which was taken away by the Sekhukhune District municipality. The process of transferring the power and the assets started during the course of the financial year. The Municipality then had to run two parallel processes, which are the transfer of assets and its daily mandates; that has strained the Municipality and compromised its accountability, hence the qualified Opinion.

Electricity is the competency of ESKOM. Despite not having competency to provide electricity, the municipality has funded electricity projects at Bokome, Lepellele, Tswenyane, Ditensing and Kalkfontein where more than 1450 households benefited.

Housing is the competency of Provincial Department of Local Government. 300 RDP houses have been built in the municipality in the 2009/10 financial year. That has improved the lives of our people. We therefore thank Local Government for such contribution even though the demand of housing in the Municipality is high and ever growing.

The Municipality has completed 75% of the internal roads that were planned for 2009/10 financial year. The only outstanding projects are Burgersfort internal roads and Mareseleng small access bridge which will be completed in 2010/11 financial year.

The municipality has adopted a programme for public work unit. It has graded 1718km of roads in both urban and rural areas; graded 2430000km² of open space for events; graded 215200m² of sport fields; regravelled 15km of roads; repaired 379.33m² of potholes and removed 53125.18m² of soil on the road surface.

KPA 3: Local Economic Development

The municipality is experiencing a high number of unemployment especially amongst its youth. To improve the situation, the municipality through its LED initiative programmes has created 1290 jobs in 2009/10 as compared to 537 which were created in 2008/09 financial year and supported six poverty alleviation projects.

Land invasion on strategic land is a challenge in the municipality. It disturbs land developments and impact negatively on the economic development in the municipality.

KPA 4: Financial Viability and management

The economic recession that engulfed the entire world in 2009/10 financial year had affected our revenue negatively. Our Revenue collection in 2009/10 is less than what the municipality collected in 2008/09 by R5, 4m and spent R6m extra in 2009/10 as compared to 2008/09 financial year. The table below depicts the picture.

	2008/09 budget®	2008/09 Actual®	2009/10 Budget®	Adjusted Budget	2009/10 Actual®	Variance®
Revenue	134,9m	152m	162m	146.6m	137.8m	-15m
Expenditure	134,9m	139.5m	160.4m	146.6m	145m	6m

- ❖ Overall Consumer Debt – R52.93m mainly due to economic meltdown (Households - 51%; Government-36% & Business -12%) & 80% of debt are over 90days
- ❖ Overall Debt Collection rate – 65%
- ❖ Property Rates Act is Under implementation

The municipality has developed strategies to improve on revenue collection.

KPA 5: Good Governance and Public Participation

During the Auditor General assessment the following areas were identified as our weak links: lack of risk and Information Technology steering committees; and that our Audit committee did not execute its responsibility of providing the council of the municipality, with an authoritative and credible view of the financial position of the Municipality, its efficiency and effectiveness and its overall level of compliance in terms of section 166(2) (b) of MFMA. Programmes are already developed to address the gaps; both Risk and IT steering committees are established and Audit committee capacitated.

The Municipality views public involvement in the affairs of the Municipality as the cornerstone of development. To improve and sustain stakeholder relations, the Municipality has established Intergovernmental Relation unit under Strategic Services Department. Since its establishment our relations with stakeholders has improved and the numbers of service delivery protests have declined.

Our ward committees and other public participation structures are functional. Our Ward committees hold the quarterly mass meetings without failure, very few wards are not consistent in holding meetings and steps are taken to improve on such practice.

Thank you for supporting and enabling the Municipality to work better with the little it has. May God bless you.

M.F. Mokoko
Acting Municipal Manager

1.3. OVERVIEW OF THE MUNICIPALITY

It is one of the five Local Municipalities that constitute Sekhukhune District Municipality. The Municipality is in Limpopo Province. It is part of the Bush-veld Igneous Complex (the Dilokong Spatial Development Corridor) from Potgietersrus to Lydenburg. It derives its name from Tubatse River that passes through it. The area was established after the Local Government elections of 2000 as an output of the municipal demarcation process.

Its area of jurisdiction is approximately 4 550 km². Its population is 343 470 people who live in 66 611 households. The Municipality has 29 wards which stretch over 156 villages. It has three Municipal growth points which are: Driekop, Ohrigstad and Mecklenburg. There are also District and provincial growth points in the Municipality which are Steelpoort and Burgersfort respectively.

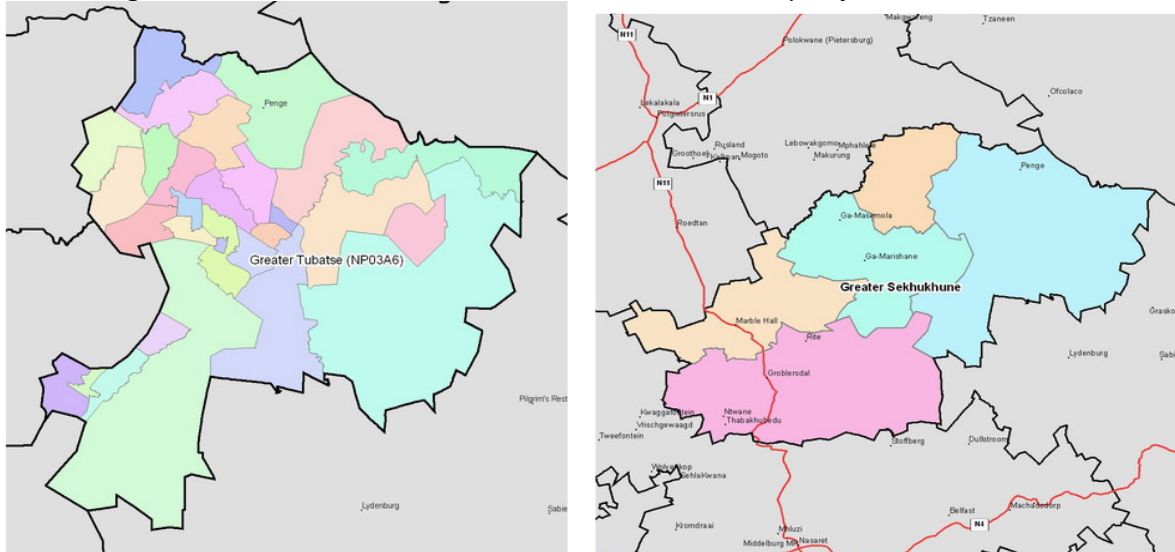

There are about twenty operational and ten prospecting mines and others that have been in existence as far back as the 1920s. The main minerals currently being mined are platinum, chrome, vanadium, andalusite, silica and magnetite.

Apart from mining; tourism business and agricultural sectors are also making an important contribution to the area's economy but not comparable to mining. Agricultural production includes citrus farming, vegetables, corn and maize.

1.3.1. Shape and Location of Greater Tubatse Municipality

The diagram below shows the shape and location of Greater Tubatse Municipality in Sekhukhune District Municipality.

Table / Figure 01 : Location of the Greater Tubatse Local Municipality

(Municipal Demarcation Board, <http://www.demarcation.org.za/>)

Greater portion of the municipality is dominantly rural, which is about 98% and only 2% is urban. The rural area is dominantly governed by tribal authorities, while the urban area is dominantly owned by private companies. Only small portion of the land belongs to the municipality. Approximately 90% of the land is under claim; and that contribute negatively to the Municipal development.

1.3.2. Municipal Profile

1.3.2.1. Age profile

The Municipality has high number of teenagers and children ranging from zero to 12 years of age. Youth ranging from 20 to 34 years constitute 25% of the population. The Municipality has more female beyond 65 years as compared to their male counter part at the same age. The table below depicts the picture

Figure / Table 02: Age Profile

Age	Male	Female	Total
Age 0-19	84 942	87 679	172 621
Age 20-34	39 816	45 199	85 015
Age 35-64	28 316	39 979	65 745
Age 65 +	5 632	11 907	17 539
Total	158 706	184 764	343 470

(Source: Community survey 2007)

1.3.2.2. Language Profile

Sepedi is the predominant language in the municipality and 90,21% of the population speaks it. Other languages are SiSwati (4,12%) and Xitsonga (1.7%). None of the remaining eight official languages has a representation of 1% or more percentages as language of preference among the local population.

Figure/Table 03: Language profile of GTM

1.3.2.3. Racial profile

In terms of racial composition in the Municipality, the African group dominates the other population groups.

Figure / Table 04: Racial Profile

Race	Male	Female	Total
Black	157 522	183 556	341 078
Coloured	382	224	606
Indian/Asian	60	84	144
White	692	950	1 642
Total	158 656	184 814	343 470

1.3.3.4. Socio- Economic Amenities in the Municipality

Figure/Table 05: Socio- Economic Amenities

Amenities	Municipal Areas
1.Further Education and Training Centre(FET)	Praktiseer
2. Hospitals	Mecklenburg, Driekop(Dilokong) & Penge
3.Clinics	Bothashoek, Praktiseer, Maandagshoek, Taung, Kgautswane(Rietfontein), Leboeng, Motlolo, Motodi, Phiring(Spekspruit), Selala, Mmutlane, Mashabela, Longtill, Mampuru , Masha, Makofane, Motshana and Burgersfort
4. Satellite police stations	Driekop, Steelpoort , Penge & Ga-Mapodile
5. Police Stations	Leboeng, Praktiseer, Burgersfort, Ohrigstad & Mecklenburg
6. Post offices	Driekop, Steelpoort, Ohrigstad, Burgersfort & Mecklenburg
7. Sport Complex/stadium	Mecklenburg
8.Thusong Service Centres	Kgopaneng, Leboeng & Kgautswane
9. Magisterial Courts	Mecklenburg, Praktiseer, Burgersfort & Leboeng

1.4 Executive Summary

1.4.1. Vision and Mission

Vision Statement

To develop Tubatse as a platinum city, in an integrated manner, to improve the quality of life for all.

Mission Statement

To promote –

- ☐ Local accountable democracy through active community participation;
- ☐ Economic advancement to fight poverty and unemployment;
- ☐ Accessible, needs-satisfying service rendered in a sustainable and affordable manner;
- ☐ Municipal transformation and institutional development; and
- ☐ Environmental management to ensure a balance between safe human settlements and economic base of the municipality.

The Greater Tubatse Local Municipality's strategic performance management framework comprise of four inter-related management elements, namely:

- (1) The Integrated Development Plan (IDP), which constitutes the strategic plan of the Municipality that sets direction to all its collective activities, and contains its long-term growth and development objectives, strategies and projects;
- (2) The Service Delivery and Budget Implementation Plan (SDBIP) which operationalise the IDP, links it with the Municipality's in-year budget and align its capacity with its anticipated service delivery performance;
- (3) The Performance Management System which serves as a performance monitoring and evaluation tool to regularly assess and evaluates the performance of the Municipality in terms of its IDP and SDBIPs; and
- (4) Budget, which makes it possible for the municipality to achieve its Strategic Objectives

1.4.2 Greater Tubatse Municipality Key Performance Areas

The Municipality has adopted the five Key Performance Areas as reflected in the five – years Strategic Agenda of Local Government as its key Performance Areas. The table below reflects on them.

Figure/Table 06: GTM Key Performance Areas

Strategic Themes	Strategic Objectives
Local Economic Development	<ul style="list-style-type: none"> <input type="checkbox"/> Create community beneficiation and empowerment opportunities through networking for increased employment and poverty alleviation; <input type="checkbox"/> Create a stable economic environment by attracting suitable investors; and <input type="checkbox"/> Address community needs through developmental, spatial and integrated planning;
Basic Service Delivery	<ul style="list-style-type: none"> <input type="checkbox"/> Improve access to sustainable and affordable services; <input type="checkbox"/> Promote environmentally sound practices and social development; <input type="checkbox"/> Optimise infrastructure investment and services; and <input type="checkbox"/> Maintain and upgrade municipal assets.
Good Governance and Public Participation	<ul style="list-style-type: none"> <input type="checkbox"/> Develop effective and sustainable stakeholder relations and <input type="checkbox"/> Develop a high-performance culture for a changed, diverse, efficient and effective local government
Municipal Transformation and Organisational Development	<ul style="list-style-type: none"> <input type="checkbox"/> Develop and build a skilled and knowledgeable workforce and <input type="checkbox"/> Attract and retain best human capital to become employer of choice
Financial Viability and Administration	<ul style="list-style-type: none"> <input type="checkbox"/> Increase financial viability through increased revenue, and effective and efficient budget management and <input type="checkbox"/> Develop and improve systems, processes, procedures and policies by practicing sound governance

1.4.3. Overview of the financial position of the Municipality: 2009/10

1.4.3.1. Introduction

The 2009/10 Municipal budget was R203.66 million; R157.66 million was operational budget and R46.13 million was capital budget. R109 million of the budget was from grants. The picture here is that the municipality is spending more on operational matters than it does on the capital projects and also most of its revenue comes from grants, which is not good for viability.

Due to the world wide economic meltdown, more people lost their jobs and were unable to service their debts. Our municipality was not exceptional; it experienced the same situation, our clients were unable to service their debts and our revenue dropped. Our overall consumer debt amounted to R52, 93m; 51% is for households; 36% Government institutions and business contributed 12%. Then the municipality had to adjust its budget. The revenue was adjusted from R162, 96 million to R146, 58m, but collected R137.81m. Expenditure was adjusted from R160.63m to R146.55m, the municipality spent R144.98m. The diagram below depicts the GTM financial status in 2009/10.

1.4.3.2. Budget vs. Actual Revenue and Expenditure: 2009/10

Figure/table 07: Budget v/s Actual Revenue and Expenditure

	Budgeted (R)	Adjusted Budget®	Actual(R)

Chapter 2

PERFORMANCE HIGHLIGHTS

2. Introduction

This chapter reflects on the status of basic service delivery e.g. water, electricity, sanitation, refuse removal and housing in GTM and the interventions made by both GTM and other stakeholders to improve the status of services in GTM. It also reflects on capital projects, community and LED projects the municipality implemented in 2009/10 financial year like Roads and storm water projects

2.1. WATER

Water provision in all Local Municipalities in Sekhukhune District Municipality is the competency of the District Municipality. Local Municipalities were given status of water service providers on proclaimed areas. Greater Tubatse Municipality is water service provider at Burgersfort, Steelpoort, Ohrigstad, Praktiseer and Ga-Mapodile, while Sekhukhune District Municipality is responsible in the rural areas.

In 2009/10 financial year, Sekhukhune District Municipality resolved to take away the water service provider status from the Local Municipalities. Task teams have been appointed to fast track the processes. Water infrastructure was transferred to Sekhukhune District municipality and Greater Tubatse Municipality remained with the responsibility of providing water on selected areas.

2.1.1 Water supply at rural areas

From 2008/09 to 2009/10 financial years, Sekhukhune District Municipality has commissioned five water projects in the rural areas of Greater Tubatse Municipality. The following villages benefited: Alberton, Moroke, Ga-Mashamothane, Bothashoek and Ga-Motodi, and 8362 households benefited from the projects. The intervention has increased the number of households which have access to water at RDP standard in GTM from 34578 to 42940. There are also plans to provide water in 2010/11 by Sekhukhune District Municipality in the following villages: Makwataseng, Mokobola, Mabotsha, Morgaezon, Motlailane and Motshana. When completed, the projects will benefit 3217 households.

2.1.2 Water supply in urban area

Water provision in urban areas is the competency of Greater Tubatse Municipality as water service provider. The figures below speak to the water provision in urban areas.

Figure /Table 12: Water supply in urban area

Water services	2008/09	2009/10
1. Water abstraction	2135412kl	2070390 kl
2. % reduction of network burst and leakage per 100km water pipes	15%	30%
3. total amount of water supplied and metered	1624168kl	1284070kl
4. # of new water connection	180	53

Source: 2009/10 4th quarter report.

The economic recession that swept the entire world had a negative effect on township development; few people were able to develop new sites, hence the water connections to

new households have dropped from 180 (one hundred and eighty) to 53 (fifty three)households.

Challenges

- Illegal connections;
- Theft of electric cables;
- Aging infrastructure;
- Emigration; and
- Low rate of service payment in townships

2.2. FREE BASIC WATER SERVICES

Implementation of Free Basic water services is possible in Municipal proclaimed areas where households have water meters to measure the amount of water consumed. It is difficult to implement the programme in unproclaimed areas as there are no meters and people get water on the street. Households have to register as indigent to access this service. Very few households have registered as indigents in the Municipality, and hence very few households access the service. This has been a concern to the council and it was resolved that indigent registration be part of Masakhane campaign.

2.3 SANITATION

Provision of sanitation in the Local municipalities is the competency of the District municipality. Local municipalities are sanitation provider on the proclaim areas like township and towns. Greater Tubatse Municipality provides sanitation to Burgersfort, Ohrigstad, Steelpoort, Praktiseer and Ga-Mapodile.

In general, the provision of sanitation in Greater Tubatse Municipality is inadequate, only 14.9% of the households have access to RDP standard sanitation. According to 2007 Community survey, the number of households with flush toilets in the Municipality since 2001 to 2007 have improved from 2392 to 4796(connected to sewage system) and from 468 to 865(With septic tank).

In rural areas, about 25% of villages have RDP standard service of sanitation. According to 2009-2013 GTM IDP, 70.5% of the rural villages have VIP toilets. In 2009/10 financial year the municipality constructed 345 VIP toilets at Selala village. The intervention has increased the percentage of villages with VIP toilets to 71%.

2.4. ELECTRICITY

In 2009/10 financial year, the following villages were electrified: Lepelle, Tswenyane, Bokome, Ditensing, Kalkfontein; and Dresden. 1450 households benefited from the projects. Tribal disputes over land at Kalkfontein disturbed the project and 51 households were left un-electrified.

2.4.1. Free Basic Electricity

According to 2007 community survey, about 8582 households in 2007 had benefited from the free basic electricity scheme. In 2008/09 and 2009/10 extra 6471 households registered in the programme.

2.5. REFUSE REMOVAL

Refuse removal is rendered only in proclaimed areas in the municipality i.e. Burgersfort, Steelpoort, Ohrigstad, Praktiseer, and Ga-Mapodile. By 2007 only 8.2% of the households were receiving the service in the Municipality. Most parts of the municipality remove refuse on their own.

Waste management in the Municipality is done on management contract at Burgersfort. In 2009/10, 4291 households in urban area were served with refuse removal, and 7547m³ of waste was collected. The permit of the current Landfill site has expired and the municipality is in the process of acquiring a new one. The new landfill site is owned by the silver crest and the municipality is in process of transferring its ownership.

2.6. HOUSING

Housing Provision is the competency of the Provincial Government, especially the Department of Local Government and Housing. Greater Tubatse Municipality coordinates the process. It has a housing plan developed by the Provincial Government.

In 2009/10, 300 (three hundred) RDP houses were built in the municipality. Despite the intervention the housing need in the Municipality is ever increasing.

2.7. ROAD AND STORMWATER

The road network of Greater Tubatse Municipality is about 798,9km.39% of it is surfaced while 61% is not surfaced. However, there are fair road network systems that link most areas in Greater Tubatse Municipality with major Provincial roads such as R555, R36, and R37. In 2009/10, 6km (six kilometres) of roads have been upgraded into tar; those are Praktiseer, Ohrigstad, Burgersfort internal street and Ga-Riba access road. About 50 (fifty) local people were employed in the projects, 24 (twenty four) women, 22 (twenty two) youth and 2 (two) people living with disabilities

2.7.1. Roads upgraded to tar

Figure /Table 13: Roads upgraded to tar

Project title	Purpose /aim of the project	Project budget	Project status
1. Praktiseer internal roads	To upgrade 2km of roads in Praktiseer to tar	R5 400.000	Completed
2. Ohrigstad internal road	To upgrade 1,5km in Ohrigstad to tar	R4 897 000	Completed

3. Riba-cross access road	To upgrade 1km of road at Riba-cross to tar	R3 520 000	Completed
4. Burgersfort	To construct 1.5km of road from R37 road to the Civic Centre	R4 800 000	30% completed

Source: 2009/10 4th Quarter Report for Technical Service

2.7.2. Small Access Roads

4km (four kilometres) of access roads at Kgautswane and Ga-Moraba at Leboeng were gravelled in 2009/10 financial year. An amount of R5 440 000 was utilised in these projects. The projects are completed and handovers were done. The projects have employed 82 (eighty two) local people, 38 (thirty eight) women and 44 (Forty four) youth.

CHALLENGES

Kgautswane is a steep area as such the road is easily eroded during raining seasons.

2.7.3. Small Access Bridges

Ten small access bridges were constructed during 2009/10 financial year. The following villages benefited:

- Tukakgomo
- Diphale
- Manyaka
- Molongwane
- 5 small bridges constructed in Taung
- Mandela

132 local people were employed in the projects; 62 women, 79 youth and one disabled person. Mareseleng small access bridge was planned to be implemented in two financial years.

2.7.4. EPWP Projects

The Municipality has implemented seven projects through EPWP programme in 2009/10. The projects created 380 jobs. Due to that good implementation of the programme, the municipality was awarded R3million. The Municipality will then identify other EPWP projects on which to spend the money.

2.8 . MUNICIPAL PUBLIC WORK PROGRAM

Municipal public work program has done well in 2009/10 financial year and the following work was done:

- Graded 1718km of both urban and rural road
- Graded 2430000km² of open space for events
- Graded 215200m² of sport fields for athletics
- Regravelled 15km of roads
- Dug 119 graves
- Repaired 379.33m² of potholes
- Removed 53125.18m² of soil on the road surface
- Cleaned 25 culverts
- Cleaned 238.1m³ of side drains
- Erected 20 road signs
- Repaired 137.01m of Guardrails; and
- Repaired 52,3m of Kerbs

The tables blow reflects the breakdown of the work done by Municipal public work programme and the wards that benefited:

Figure /Table 14: Municipal public work program

2.9 COMMUNITY AND SOCIAL DEVELOPMENT

2.9.1. Community Facilities

2.9.1.1. Community Halls

Two community halls were built at Leboeng and Tjate villages in the 2009/10 financial year. An amount of R4350 000 was spent and 69 (sixty nine) jobs were created for local people. A maintenance plan was developed for all community halls, including those built in 2008/09 financial year at Driekop and Ga-Mokgotho.

2.9.1.2. Libraries

There are three Municipal libraries at Ga-Mapodile, Ohrigstad, and Burgersfort. Due to outreach campaigns held, the number of library users increased by 67%. The approach changes annually depending on the availability of funds. In the year under review people were invited to the libraries.

A total of 3357 books were acquired; 1849 by the municipality and 1508 by the department of Sports, Arts and Culture.

2.9.1.3. Sports and Recreation

The municipality has one standard sports complex in the rural areas at Mecklenburg village and others are elementary. Some schools in urban areas have standardised sport complex and recreational centre.

Figure /Table 22: SPORTS AND RECREATION

Events	Date/logistics	Comments
1. Beauty pageant	The local event took place at Nthame Primary School. The District event was held at Ephraim Mogale Municipality at Marble Hall town	Miss Malepe S.A and miss Mokone from Tubatse Local Municipality were crowned as queen and 1 st princes at District event respectively. The 2 nd princess was Miss Kgarabong from Ephraim Mogale Local Municipality. They were awarded with laptop ,digital cameras and 1 pod respectively
2. Authorship workshop	The event was postponed to	None

	2010/11 financial year during budget adjustment.	
3. Cultural show	The competition was held on 16 August 2009 at Sekhukhune FET college.	The competition is an art programme for Provincial Department
4. Fun Run	The event was hosted on 22 August 2009 at Dithwaing Sports ground.	The event was conducted in partnership with Legendary Runner Jan Seroka of Twickenham Mine
5. Training of referees	The training was conducted on 1-2 October 2009 at the Municipal Chamber.	23 wards benefited from the training. The trainers were from SAFA Capricorn region.
6. Athletics talent search	The event was held at Hlogotlou stadium on 24 October 2009	Greater Tubatse Municipality sent 53 participants to the events
7. Mayoral cup	The competition was held on 02 June 2010 at Ntwampe sports complex	Teams from the municipality participated
8. Indigenous games	They were held at Tswelopele Sports Ground on the 07 November 2009	The participation was good and has improved as compared to the previous year.
9. Mayoral Golf Tournament	None	It was postponed to 2010/11 financial year.
10. Cricket	It was held on 03 September 2009 at Itirele Primary School	It was a success
11. Library outreach	Four outreach were held	A different approach to the previous financial year was used, that is instead of the municipality going out to the people, people were invited to the municipality. This approach has helped in increasing library membership.
12. Literacy week	It was celebrated on 17 September 2009 at Riba Primary School. The theme of the day was "Read and Smile"	121 learners from different grades participated in the celebration. 86 pupils took part in Readathon activities and 39 did choral verses

2.9.1.4. Community Facilities and Environmental Restoration and Rehabilitation.

Figure /Table 23: Community Facilities and Environmental Restoration and Rehabilitation

Projects/events	Comments
1. Arbor day celebration	<ul style="list-style-type: none"> Arbor day celebration was held on 11 September 2009 at Seoke Primary School at Ga-Mashishi (ward 10). The theme of the campaign was “plant trees-save our planet”. The trees of the year were: (a) Hillarie Lucida(fuchsia tree) (b) Pterocarpus rotunda : folios (round teak leaf) (c) Acacia Galpini (Monkey thorn) 710 trees were planted during the campaign
2. Cemetery management system	<ul style="list-style-type: none"> The Municipality has introduced grave numbering system to number graves according to the grave register.
3. Disaster management plan	<ul style="list-style-type: none"> Two disasters advisory Fora were held in 2009/10 financial year. The turnaround time in terms of respond to disaster has improved. 18 cases responded to were structural fire related and 4 were veld fire related and 3 storms related. Relief materials were distributed to the victims after assessments were done.

2.10. HIV/AIDS CAMPAIGN

Figure /Table 24: HIV/AIDS campaigns

Events	Comments
1. Local world AIDS day	<ul style="list-style-type: none"> Local world AIDS day was commemorated on 4th December 2009 in partnership with Marula Platinum Mine at Marula Platinum premises. The theme of the event was “I am responsible, we are responsible, South Africa is taking responsibility”. The aim of the event was : <ul style="list-style-type: none"> ❖ dissemination of HIV/AIDS information; ❖ encourage those with negative results to remain negative; ❖ to encourage people to know their HIV/AIDS status; ❖ to inculcate positive living amongst those who are HIV infected; and ❖ assist people to access service that are key in the programme.
2. Sports Heroes walk against AIDS	<ul style="list-style-type: none"> The event was held on 22 November 2009 at Tswelopele sports ground; The concerns of the organisation are HIV/AIDS pandemic, the stigma associated with it and negative impacts of the disease in the community; and The organisation uses sports to fight the spread, stigma and to disseminate HIV/AIDS information.

3. Benchmarking	<ul style="list-style-type: none"> GTM has participated in the benchmarking of municipal HIV/AIDS responses project. The project was coordinated by the CMRA.
-----------------	---

2.11. LAND AND ECONOMIC DEVELOPMENT

2.11.1. Jobs created through LED initiatives

The table below depicts number jobs created through LED initiative in 2008/09 and 2009/10 financial years.

Figure /Table 25: Jobs created through LED initiatives

Beneficiaries	Years		Variance
	2008/09	2009/10	
Youth	212	578	366
Women	324	702	378
Disable people	01	10	9
Total	537	1290	753

Source: ELD 4th Quarter Performance Report 2009/10

2.11.2. Local Economic Development

Four quarterly LED forum meetings were planned but all failed. The challenge was that not all sector fora were launched. A plan is developed to improve the situation in 2010/11 financial year.

Six sector fora met in the under review.

2.11.3. Poverty Alleviation Projects

The following poverty alleviation projects were supported by the Municipality in 2009/10 financial year.

Figure /Table 26: Poverty alleviation projects

Project name	Core business	Villages	Assistant provider
1. Rathinte	Vegetable garden	Ga-Riba	TRP for fence
2. Ikageng bakery	Bakery	Ga-Masha	TRP for electrification and tiling
3. Megokgo ya	Bakery	Ga-Mapodile	ILO for Technical

Lethabo			Training
4. Apiesdoring draai Vegetable Gardens	Vegetable garden	Apiesdoring draai	Link with LIBSA to co-operate its registration
5. Botse bja Africa	Brick making	Dresden	Link with DTI funding, SETA for training
6. Gabazi	Mixed farming	Ga-Mongatane	Linked with DTI for funding

Source: ELD 4th Quarter Performance Report 2009/10

2.11.4 Township Development

The table below depicts Land use management activities conducted in the 2009/10 financial year.

Figure /Table 27: Township Development

Activities	Number approved against application	Challenges
1. Townships	8/14	Incomplete applications
2. Site demarcation	15000	Land invasion

HUMAN RESOURCES AND OTHER ORGANISATIONAL MANAGEMENT

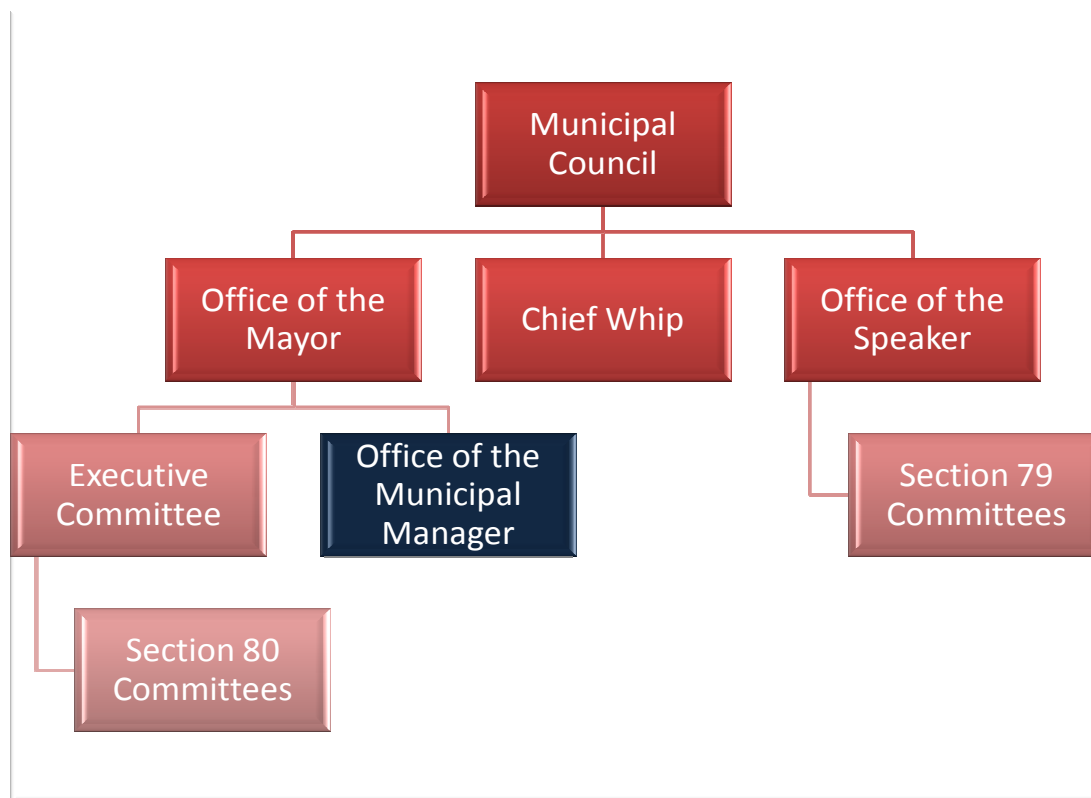

3. Municipal Council

(a) Governance Structure

The Governance structure of the Municipality consists of three office bearers as diagrammatically indicated below; which are: office of the Mayor, Chief whip and the office of the Speaker; Executive committee; section 79 and 80 committees and office of the municipal manager. The mayor chairs the executive committee and plays oversight role over the work of the Municipal manager. The Executive committee consist of ten members, who are the chairpersons and deputy chairpersons of section 80 committees (portfolio committees). The Municipality has six section 80 committees (Portfolio committees) which are: Strategic planning, Finance, Economic and land development, Technical services, Community services and corporate services portfolio committees. The portfolio committees account to the Executive committee.

The office of the speaker is responsible for the section 79 committees and presides over council meetings. The municipality has three section 79 committees, namely: rules committee, Audit committee and Oversight committee. The Oversight is established as an ad-hoc committee during the assessment of the annual report. The diagram below depicts the governance structure of GTM.

Figure /Table 29: Governance Structure

The council consist of 57 councillors, 29 are ward and 28 are PR councillors; and eleven traditional leaders who represent all traditional leaders in GTM. 44% of the councillors are women and 56% are men. The percentage of women councillors in 2009/10 council has declined by 2% compared to 2008/09 council. 4% of Councillors are living with disabilities.

The Municipality has 29 wards, and each has management committees chaired by ward councillor. The ward management committees meet monthly and meet the communities quarterly.

The following Traditional leaders sit in the council :

- Kgoshi S.P Maepa
- Kgoshi N.J.Rantho
- Kgoshi P.R.Sekhukhune
- Kgoshi K.P.Makofane
- Kgoshi P.D. Phasha
- Kgoshi M.B. Mohlala
- Kgoshigadi S. Kgoete
- Kgoshigadi M.E. Malepe
- Kgoshi M.R. Komane
- Kgoshi M.C.Maroga
- Kgoshi K.S. Ramaube

The tables below depict the Governance structure; Council profile which shows councillors in different council structures; council, executive and portfolio committees meeting; number of councillors and ward committees who were trained in 2009/10 and name of courses attended; and public participation structures and their functionality.

3.1.1 Council Profile

Figure / Table 30(a): Council Profile

No.	Surname	Full Names	Position	Party
1	Mamekoa	Ralepane Samuel	Mayor	ANC
2	Mohlala	Johannes Sekwati	PR Councillor	ANC
3	Moeng	Queen	PR Councillor	ANC
4	Khoza	Maria Rinkie	PR Councillor	ANC
5	Mahlo	Seshego Albert	PR Councillor	ANC
6	Mahole	Pharao Albert	PR Councillor	ANC
7	Makhubedu	Ngwanyane Rhinah	PR Councillor	ANC
8	Makhubedu	Matsoma Robert	PR Councillor	DA
9	Malatjie	Sello Marcus	PR Councillor	UIF
10	Manamela	Machuene Maria	PR Councillor	ANC
11	Manotwane	Rosina Ramaabele	PR Councillor	ANC

3.1.3 Training of Councillors and Ward Committees

Figure / Table 32: Training of Councillors and Ward Committees

Name of course	Number benefitted	Categories of councillors
1. CPMD	06	5 (five) ExCo members and chief whip
2. ELMDP	02	01 (one) ExCo member and a councillor
3. Service SETA Marketing	77	24 (twenty four)councillors and 53 (fifty three) ward committee members
4. Total	85	6 (six) ExCo members), chief whip and 25(twenty five) councillors and 53 (fifty three) ward committee members

3.1.4 Public Participation

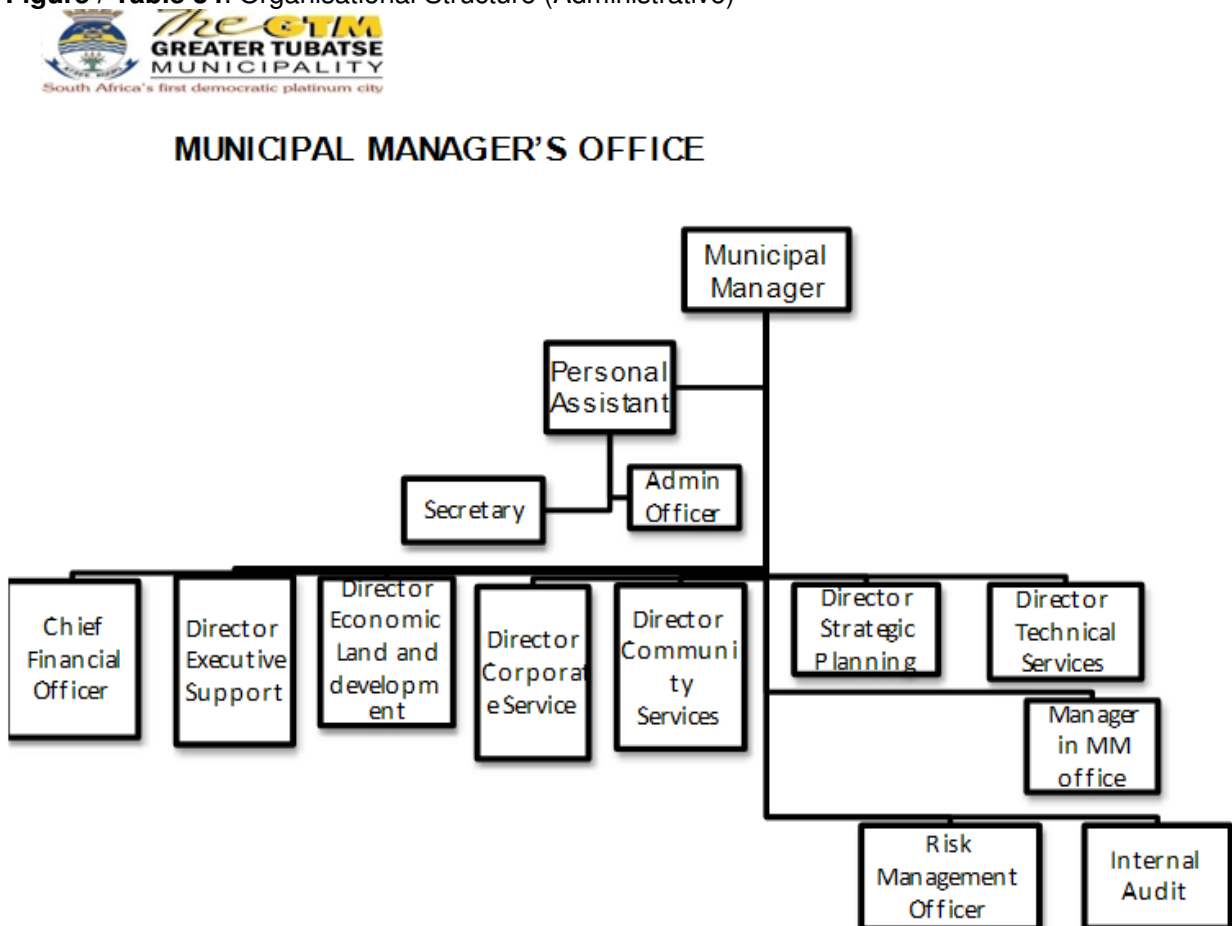

Figure / Table 33: Public participation Structures

Structure /programme	Number	Functionality	Challenges
1. Ward committee	29	Yes	Late submission of reports by other ward committees
2. CDW`s	27	Yes	Number of CDW are less than number of wards
3. Outreach programs	02	Yes	Financial constraint to pitch a tent and cater people
4. Public communication system	In place	Yes	None
5. Public participation plan	In place	Yes	None

3.2 ORGANISATIONAL STRUCTURE

The Organizational structure of the Municipality consists of seven departments as diagrammatically indicated below namely: *Strategic Planning, Executive Support, Technical Services, Finance, Economic and Land Development, Corporate Services and Community Services*. Each department performs specific tasks to enable the Municipality to achieve its service delivery mandate. The diagram below depicts the GTM Organizational structure.

Figure / Table 34: Organisational Structure (Administrative)

3.2.1. Staff Information: Number of staff employed

The table below shows the municipal personnel from 2002/07 to 2009/10. In 2009/10 the Municipality had 243 posts; 237 were filled and six were vacant by the end of the financial year.

Figure/table 35: Total number municipal employees and vacancies.

Departments	2006/07 posts		2007/08 Posts		2008/09 posts		2009/10 posts	
	Posts	Filled posts	Posts	Posts filled	Posts	Posts filled	Posts	Posts filled

3.3.INTEGRATED DEVELOPMENT PLANNING AND PERFORMANCE MANAGEMANT SYSTEM

3.3.1. Integrated Development Planning (IDP)

The Municipality had its Strategic planning session from 28-29 January 2010 in Hannah Game Lodge to review it IDP document and developed strategies to improve its performance. The session was blessed by the attendance of the senior manager for Monitoring and evaluation unit in the Limpopo Provincial Government (Local Government) who introduced the concept of turnaround strategy to Municipality. Among the deliverables of the session turnaround strategy was one of them

2010/11 draft IDP was adopted by the council in March 2010. A copy was submitted to the MEC for Local Government and to both Provincial and National treasury offices as legislative requirement. The draft IDP was also taken out for public consultation on the 25th April 2010. The consultation meetings were held in six clusters; namely:

- Ohrigstad cluster;
- Dilokong one cluster;
- Dilokong two cluster;
- Tubatse one cluster;
- Tubatse two cluster; and
- Tubatse Steelpoort cluster

The consultation meetings addressed progress report for 2009/10 capital projects, draft 2010/11 budget and IDP.

Dilokong one and Phasha-Mampuru clusters meetings were re-scheduled due to low turn-up by communities to the meetings.

On the 31/05/2010, at Ba Tubatse Primary School the council approved the final IDP with inputs from the communities. The final IDP has also considered the comments from the MEC.

3.3.2. Performance Management System (PMS)

The implementation of PMS at Greater Tubatse Municipality is still at institutional and senior management levels, however, there are plans to cascade it to the lower levels in 2010/11 financial year. A policy is developed to guide the cascading of the PMS to lower levels. The municipality has Performance policy, Performance Management framework and PMS procedure manual.

2009/10 SDBIP and Performance Agreements for Section 57 managers were developed and signed in time and submitted to MEC after the approved by the Mayor and noted by council.

The municipality conducted four quarterly institutional reviews through Exco- Makgotla. Formal individual assessments for section 57 managers are not done despite the Assessment panel been established and work shopped. The commencement of formal assessment has been postponed to 2010/11 financial year due to some technical processes the municipality has to engage in before commencement.

The 2008/09 Annual Report was adopted in January 2009 and taken out for public comments by the oversight committee. The Annual Report was approved without any reservation. The 2009/10 mid-report was also approved by council and submitted to MEC for Local Government and to both Provincial and National treasury as required by legislation.

Budget adjustment was done informed by the Municipal performance, mid-year expenditure and revenue collections. As required by legislations the performance Agreements of section 57 managers and SDBIP were also adjusted.

3.4.GOVERNMENT ISSUES

3.4.1. Client Satisfaction Survey

Questionnaires for client satisfaction were developed and data was collected through the assistance of community development workers. But due to financial constrains the project was deferred to 2010/11 financial year. Local Government committed itself to conduct the client satisfaction survey in ten (10) municipalities in the province including Greater Tubatse Municipality in 2010/11 financial year.

3.4.2. Communication

Communication unit is established; it is functional and has established positive media coverage with both Local and National Media. It has published one newsletter and due to financial challenges some newsletters were shelved for 2010/11 financial year. The unit has developed its framework which was approved by Council.

3.4.3. Municipal Complaints Management System.

The complaints management system is managed by the IGR unit. Since the establishment of the unit, there has been remarkable improvement in handling of complaints in the municipality. Complaint letters are acknowledged and co-ordinated to address complaints. There had been a number of meetings with concerned parties to address their concerns; and hence the number of protests has declined.

3.5.PERFORMANCE ASSESSMENT ON MUNICIPAL SERVICE LEVEL AGREEMENTS

The Municipality signed 33 service level agreements with different service providers to assist in performing certain tasks. On average their performance was impressing. Only few performed below par and corrective actions are taken. The table below depicts the image.

Figure/Table 40: 2009/10 Service level Agreements

Name of service providers	Service Description	Contract Amount	Duration of the Contract	Performance of the Service provide
1.Lidwala Consulting Engineers	Design & plan for the construction of Riba-Cross to Ga-Riba access road as a turkey project	R3 520 000	01.07.2009 to 30.06.2011	Good
2.Lidwala Consulting Engineers	Design &plan for the construction of Diphale Access bridge	R4 400 000	01.07.09 to 30.06.2012	Good
3.TMS Consulting Engineers	Design &plan for the construction of Moraba access road as a turkey project	R2 640 000	01.07.2009 to 30.06.2011	Good
4.Tshino Consulting Engineers	Design &plan for the construction of Modubeng access road as a turkey project	R4 400 000	01.07.2009 to 30.06.2012	The project will start in 2010/11 f/y
5.Diges Structural and Civil Engineers	Design and plan and implement Kampeng small access bridge as a turkey project.	R9 800 000	01.07.2009 to 30.06.2012	The project has not started.
6.Siphiwe Engineering and technologies	Design and plan and implement Mareseleng small access bridge as a turkey project	R9 100 000	01.07.2009 to 30.06.2012	The project will be start in 2010/11 f/y
7.Thiko Consulting Engineers	Design &plan for the construction of Tjate and Leboeng community halls as a turkey project	R4 350 000	01.07.2009 to 20.06.2011	Good
8.Waste Group Bauba Marumo	Waste collection services	As per work done (App R430,000 pm)	01/11/2004 to 31/10/2009 and extended to end on 31/10/2012	Average
9.All Appliance Electrical	Repair of Municipal Building and Electrical Services	As per work done	22/09/2006 to 30/09/2008 and extended to end on 30/09/2011	Average
10.Themba Sidodi Consulting	Consulting support on waste PPP	R5,000,000(National Treasury Funding)	01/12/2008 and termination date depend on project plan	Below standard

13.Amandla Security	Physical security services	R755,014.97 per month	19/02/2007 to 28/02/2009 and extended to end on 30/06/2011	Average
14.Phambili Skills Network	Consulting support on skills development	As per work done (R300 per hour)	02/10/2007 to 31/08/2010	The contracted was terminated
15.Kwickspac e	Rental of mobile offices	R15,975,96 per month		Good
16.Noko Maimela Attorneys	Legal services on retainer basis	R55,000 per month	13/11/2008 to 13/10/2010	Good
17.Mokwena Attorneys	Legal services on retainer basis	R55, 000 per month	13/11/2008 to 13/10/2010	The contracted was terminated
18.Mametja Attorneys	Legal Services as per instruction	R500 per hour	01/08/2009 to 31/07/2011	The contracted was terminated
19.Business Connexion	Maintenance support of the Accounting and Payroll system	R15,000 per month	01/10/1999 terminated by giving 6 months notice	Good
20.G4S Fidelity	Cash collection services	As per work done	07/05/2007 terminated by giving 3 months notice	Good
21.Vodacom	Cell phone accounts (staff & councillors)	As per work done	01/02/2006 terminated by giving 24 months notice	Good
22.Andre Zybrand	Property Valuations and Valuation roll	R15,000 per month	01/07/2007 to 30/06/2015	Good
23.Easy Pay	Agency cash collection	R3,92 per account collected	06/01/2008 terminated by giving 10 days notice	Good
24.Vericredit	Debt collection	25% of recovered amount	19/06/2008 to 30/06/2011	Average
25.SITA	Website maintenance	R62,155.90 for 12 months	01/06/2009 to 30/06/2010 and extended to 30/06/2012	Good
26.Maxprof	VAT Recovery	25% of commission	01/07/2007 to 30/06/2009 and extended to 30/06/2012	Average
27.Focus Outsourcing Solutions	Printing, posting of municipal service accounts	51,8 cents (Appr R4800)	18/06/2008 to 17/06/2011	Good
28.Marota Printers	Printing and Events	As per work done	2009/01/02 to 31/01/2010 and extended to 17/06/2011	Good
29.Trapeace	Speed enforcement services	As per work done	01/02/2006 to 31/02/2011	Good
30.Gear up	Courier services for	As per work	07/04/2010	Good

	drivers licences	done	terminated by giving one months notice	
31.MOK Development	Consulting support for spatial Development support	R 2,280.00	03/01/2010 to 28/02/2011	Excellent
32.ShuMedia	Outdoor advertising (Revenue sharing project)	R700 000	06/06/2008 to 30/06/2013	Below standard
33.Afro Architectural	Consulting support for NDPG	R 1,479,720	05/03/2010 to 05/03/2010 extended to 05/03/2013	Good

3.7.OTHER ORGANISATIONAL MATTERS

3.7.1. Grants

Out of the ten expected grants the Municipality received nine of them. The grant from the province was not received by the end of the financial year. The diagram below reflects the situation.

Figure/Table 41: GRANTS RECEIVED AND UTILIZED

Name of the grant	2009/10 budget	Budget after adjustment	Actual payment
1.Institutional grant from District council	R- 913 500	R- 913 500	R -913 500
2. MSIG grants	R- 735 000	R- 735 000	R -735 000
3. Equitable shares	R -74 350 000	R- 74 350 000	R -74 350 000
4. Equitable shares for free basic electricity	—	R- 3 210 582	R- 3 210 582
5.Finance management grant	R- 750 000	R -750 000	R -750 000
6.Grant from Province	R-1500 000	R-750 000	-
7.Grant DBSA data collection	-	R-135 439	R-135 439
8.MIG grant road storm water	R-20 000 000	R-20 000 000	R-25 902 400
9.Electrification grants from DME	R-11 726 000	R-11 726 000	R-11 726 000
10.Roads	R -4 300 000	R -4 300 000	R -4 300 000
Total	R-104 274 500	R-116 870 521	R-122 022 921

3.7.2. Trends in personnel Expenditure.

The table below depicts the municipal spending on its personnel salaries since 2006/07 to 2009/10.

Figure/Table 42: Trend in personnel Expenditure

Financial year	Rands	Percentage of the total budget
2006/07	20 749 812	37%
2007/08	36 651 967	39%
2008/09	46 140 604	36%
2009/10	62 465 383	44%

3.7.3. Pension funds

The table below reflects on the number of Municipal employees and councillors who are members of different pension funds since 2006/07 to 2009/10 financial year. Samwu National provident fund has more members followed by Municipal Gratuity funds 7.5%. The membership of Local government pension fund elapsed in 2008/09 and 2009/10 financial years.

Figure/Table 43: Pension funds

Fund	2006/07	2007/08	2008/09	2009/10
Municipal Gratuity funds 7.5%	30	29	27	29
Municipal Gratuity Funds 12%	5	5	6	6

Chapter 4

FINANCIAL INFORMATION

4.1. Report of the Chief Finance Officer

4.1.1 Introduction

Over the years the Greater Tubatse Municipality has committed to sound financial management and practices. The 2009/10 financial year is a clear reflection the commitment of all role-players to balance investment in economic and social infrastructure, in addressing service delivery mandate.

The budget and the municipality's five year strategic plan are aligned with the vision and imperatives of the national government, which are to address service delivery backlogs and in the process to comply with legislative requirements, i.e. MFMA, MSA etc. Furthermore the budget and IDP gives tangible meaning to the five year programme and its priorities, which are:

- To provide quality basic service and infrastructure;
- Municipal transformation and organisational development;
- Ensure local economic development and growth;
- Ensure good governance and public participation; and
- Ensure financial viability

The five year strategic plan and programme of action are the foundation of the municipality's 2009/10 Medium Term Revenue and Expenditure Framework (MTREF). All initiatives and programmes as included in the 2009/10 MTREF are adequately sustained as a result of sound financial management and good planning principles.

The municipality has challenges similar to those of other rural nature in addressing disparity levels in services and service delivery backlogs in its area of jurisdiction. This calls on the municipality to use its resources wisely to satisfy the needs of the community. To this end the municipality is committed to work with its communities to find sustainable ways to meet their social, economic and material needs and to improve the quality of their lives.

4.1.2. Review of Operating Results

The review entails operating results of the 2009/10 budget of the municipality as approved by the council on the 31 May 2009 and the adjustment budget as approved by council on the 06 February 2010.

4.1.2.1. General

Details of the 2009/10 operating results are included in the Statement of Financial Performance. The operating results are shown in the graph below. The surplus is attributed to cash flow situation that necessitated reduction in spending on various operational plans.

Graph 1

The overall operating results for the year ended 30 June 2010 are as follows

4.1.2.2. Operating revenue

The following graph gives breakdown of the categories of revenue for the financial year 2009/10

Operational grants accounted for 46% (R79,959,082) of the total revenue, followed property rates at 12% (R36,896,170), then licensing at 4% (R6,371,947), refuse removal at 3% (R5,703,543) and traffic fines at 1% (1,697,117). Municipality's own revenue accounts for 32% of the total revenue at total of R56,282,405, a 9% (R6,932,624) decline from 2008/09 financial year which is attributed to rationalization of refuse removal billing tariffs.

Capital grants of R38, 896,170 were received during the 2009/10 financial for Municipal Infrastructure (R27, 200,000) and Electrification projects (R11, 726,000). This accounts for 4% increase (R10, 783,000) from the 2008/09 financial year.

Other income comprises of minor revenue from commission on agency services, rental income and other ad hoc income received by the municipality from time to time.

4.1.2.3. Operating expenditure

The table below gives the breakdown per main expenditure items:

Item	Personnel costs	Councillors remuneration	Depreciation and amortisation	Other	Repairs and Maintenance	Grants and Subsidies Paid	General Expenses	Total
2010	63,961,365.00	9,417,359.00	7,131,139.00	6,458,770.00	11,063,858.00	5,543,570.00	39,559,191.00	143,135,252.00
2009	57,816,177.00	8,624,311.00	6,603,556.00	12,520,927.00	4,003,119.00	7,200,038.00	43,381,542.00	140,070,278.00

Personnel expenditure accounts for 36% (63,961,365) of the total expenditure for the 2009/10 financial year. The actual expenditure on remuneration expressed as a percentage of the total expenditure shows slight decrease from 38% in 2008/09 to 36% in 2009/10 financial year. According to INCA a benchmark of less than 35% is acceptable. The personnel costs and the allocation of individual items in remuneration package differ from municipality to municipality. In the case of the municipality the percentage of personnel to total expenditure is influenced by the limited powers and functions for water services that were transferred to the district municipality in 2005/06.

Councillor's remunerations are expended yearly in terms of the Minister's upper limits gazette for grade 4 municipality. The expenditure is also informed by the municipality's political structure of Collective Executive System in line with the Municipal Structures Act. Refer from section 3.7.5.1. of the report for allowances structure for councillors.

4.1.2.4. Debtors

Details regarding the debtors are provided in note 5 of the Notes to the Annual Financial Statements.

Consumer debtors decreased by small margin on 0,5% (R220,194) in the 2009/10 financial year before provisions. The total net debtors for the 2009/10 financial year is R31,386,742 as per table below.

<i>Debt type</i>	<i>2009/10</i>
Property rates	29,079,121
Sewerage	1,417,346
Refuse	9,025,563
Other	6,433,637
	45,955,667
Less provisions for bad debt	-14,568,925
Net Debtors	31,386,742

The debt situation is attributed to slow payments of services by consumers. In some areas collection of services income is at all time low, which is attributed to recession and consumer attitude as reaction to non satisfactory services in their areas of municipal services.

The municipality recognizes a need for serious improvement in the area of debt collection to reduce the debt levels and also to improve the standards of services in the municipal service areas so as to encourage consumers to pay for municipal services.

4.1.3. Improvement in Reporting Standards

4.1.3.1. Implementation of Accounting Standards

The municipality experienced challenges in the implementation of certain accounting standards for the 2008/9 financial year and therefore had to make use of the exceptions granted by the National Treasury. As required by the stipulations of the Government Gazette, the plans were drawn up submitted to National Treasury during March 2009.

4.1.3.2. Transfer of Water Assets to Sekhukhune District Municipality

A project was undertaken to ensure compliant asset register and purify the asset register data. All assets for water services were transferred during the financial year to the Sekhukhune District Municipality in response to audit qualification for the 2008/09 annual financial statements.

The required restatements for the assets transfer were included in the 2009/10 annual financial statements.

4.2. Progress report on 2008/09 Auditor General management Letter

The report is based on the audit review that was conducted in April 2010 by the Municipal internal Audit unit. It covers the period from 1 July 2009 to 31 March 2010. We are aware that there might be changes or improvement in addressing the findings, but since there was no audit review done since then, this report will only rely on the April 2010 findings. According to the April reviews, 32% of issues raised by A.G in 2008/09 financial year were resolved; 26% were partially resolved and 42% were not resolved. The graph below depicts the picture:

Resolved matters	Partially Resolved Matters	Unresolved Matters
Inventory Valuation	Non Compliance With Section 15 Of MFMA;	Land fill site;
Audit committee: contravention Of Section 166 Of The MFMA	Prior year audit findings raised: Contravention Of Section 131 (1) Of The MFMA;	Restoration of landfill site
Audit committee meetings	Individual creditors reconciliations incorrectly performed;	Water and sanitation expenditure – overstated
Trade creditors - no creditors listing	Reconciliation of the creditors control account not performed;	Bad debts policy used by the municipality not disclosed and under provision for bad debts, impairment loss not recognised;
Trade creditors - year end statements not provided for audit purposes	Inadequate information reported in the annual performance report;	Operating leases not straight lined;
Incomplete information in the Integrated Development Plan	Inconsistencies in reporting performance information;	Inadequate controls over performance information;
Audit of performance measurements by internal audit	Measures to improve performance not disclosed for certain KPIs;	Key Performance Indicator not reported in the annual performance report;
Non compliance with section 54 (1) (C) Of the MFMA.	Incorrect actual performance recorded in the annual performance report;	Water infrastructure assets;
Change in accounting policy - revaluation of land and building	Lack of Information Technology Security policy;	Overstatement of water and Sanitation revenue;
Related parties – completeness	Lack of change control policy and procedures;	Bank reconciliations not reviewed by the Accounting Officer;
The Municipality did not issue any notice of discontinuance of services nor services subsequently been discontinued	Inadequate backup process;	Petty Cash Reconciliation not performed;
Approved Cash Management Policy not in place	Weaknesses in security parameter settings;	Documents that must be made public by the Municipality not published on the Municipality's website;

Contravention of Section 9 of the MFMA	System descriptions not in place;	Debtors average collection period;
Service level agreements not monitored	Management comments not satisfactory;	77% total debtors outstanding as per age Analysis at year end 30 June 2009 are more than 90 Days;
Subsequent events - procedures not established to identify subsequent events	Leave accrual non compliance Of section 7 (3) of the South African Local Government Association (SALGA);	Trade receivables not disclosed correctly in the annual financial statements;
Inadequate time given to local community to comment on the final draft IDP	Leave encashment.	Leave accrual non compliance Of section 7 (3) of the South African Local Government Association (SALGA);
Project score cards not development during setting of Targets	Unallocated receipts.	Annual leave;
Infrastructure projects - CIDB projects		Sick leave;
21% Vacancy rate		Other leave;
Terminations		Key Performance Indicators not implemented;
Appointments		Progress on resolving problems identified in the audit report not reported in the Annual Report.
		Assignment of the responsibility of drafting the IDP to the municipal manager;
		Key performance indicators not implemented;
		New indigent debtors application forms were not verified by an official or Municipal agent appointed By council;
		Key Performance Indicators not budgeted for;

		Other payables no accrual listing
		Progress on resolving problems identified in the audit report not reported in the annual report;

Chapter 5

FUNCTIONAL AREA SERVICE DELIVERY REPORTING

5.1. Introduction

This chapter reports on the performance of the Municipality as per the 2009/10 SDBIP. The report covers the performance of all seven Municipal departments and the office of the Municipal manager. It is a combination of all 2009/10 quarterly performance reports. The reports went through management reviews, Portfolio meetings, internal audit for auditing, Exco-makgotla Executive committee meetings and council.

The performance of departments is reported on the 5-year strategic Agenda's five focal areas, namely: Basic service delivery; Local Economic development; Municipal Transformation and Institutional development; Good governance and public participation and financial viability. Not all departments have all the Key performance Areas. It is only Municipal manager's office which has all the key performance Areas.

The chapter reflects on the mandate of each department. It compares the performance of the Municipality in 2008/09 and 2009/10 financial year

The office of the Municipal manager reflects on the performance of the Municipality on its strategic key Performance Indicators. Out of the identified thirty strategic Key performance Indicators, the Municipal has performed above targets on three KPIs, namely: Number of households served with waste removal at municipal service authority areas; number of jobs created through local economic development initiatives and percentage of cost recovery at urban areas.

The municipality performed on par on 15 strategic KPIs and others were below target. One KPI was withdrawn and deferred to 2010/11 financial year due to financial constraints, which is, conducting the client satisfaction survey. The last strategic KPI not performed was conducting individual formal assessments with section 57 manager. Assessment panels were established and work shopped, but the sessions were postponed until further notice.

5.2. GENERAL OVERVIEW

REPORTING LEVEL	DETAIL
Overview of the municipality Overview	<p>Greater Tubatse Municipality is a category B Municipality located North of the N4 highway, Middleburg, Belfast and Nelspruit and east of the N1 high way Groblersdal and Polokwane. The area of jurisdiction is approximately 4 550 km². The area was established after the Local Government elections of 2000 as an output of the municipal demarcation process.</p> <p>The Municipality comprises of 29 wards which are head by ward councillor and 57 councillors including ward and PR councillors. Its main office is located at Burgersfort. According to 2007 community survey, the total population of the municipality is 343 468 with 66 611 households. 98% of the municipal area is rural, while 2% is urban. 51% of its population is made up of youth between 0-17 years, 18-64 years make 44% of the population and 5% are adults above 65 years. The municipality has three towns, namely; Burgersfort, Steelpoort and Ohrigstad.</p> <p>The municipality has one standard sport and recreation facility which is</p>

	at Magakala Village, Ntwampe sport complex. There are three libraries, 8 police stations, 247 Schools, 1 FET college, 11 health facilities and 3 formal cemeteries in the municipality and two townships which are Praktiseer and Ga-Mapodile.

5.3. EXECUTIVE & COUNCIL

REPORTING LEVEL	DETAIL
Overview	Executive committee of the municipality is responsible for providing strategic leadership and management; to guide and inform the process of restructuring and transformation in its totality. This is done by ensuring proper alignment and integration between key programmes of the municipality and its priorities. The council on the other hand is responsible for providing overall political leadership and accountability to communities and stakeholders through implementation of sound policies and programmes. This ensures that the decision-making processes provide a balance between speedy, transparent and efficient decision-making process as well as meaningful participation of citizens and stakeholders. It also ensures the provision of quality services delivery at a reasonable cost while preserving the environment and natural resources.
Description of activity	<p>Executive committee, through the leadership of the Mayor is responsible for ensuring the compilation and total ownership of the IDP and budget, including the annual review process. The Mayor ensures maximum participation and ownership of the process by the citizen and other stakeholders and finally ensures that there is sufficient resources allocation in the budget for all IDP projects.</p> <p>The executive committee is also responsible to ensure that the municipality put in place and implement a performance management system in line with the applicable pieces of legislations and policy guidelines from the national government. PMS was developed for section 57 managers only in 2007/08 and plans to cascade it down to level one manager in 2009/10 financial year has failed and it will be cascaded down to level one managers in 2010/11 financial year. The system ensures that there are quarterly, mid-term and</p>

5.6. STRATEGIC PLANNING

Reporting level	Detail
PMS unit is responsible for institutionalisation PMS based on the IDP.	
Description	<p>1. <u>Functions of the unit</u></p> <ul style="list-style-type: none"> • To manage the development, implementation and devolvment of PMS • To monitor all PMS activities and reporting thereof; • To render assistance to the internal audit, also acting as the performance audit unit; • To coordinate all reports linked/related to the department; • To compile the SDBIP based on the PMS as reflective of the IDP and alignment thereto; • Manage and monitor the implementation of SDBIP; and • To oversee all reporting done into the SDBIP. <p>2. Strategic objective</p> <ul style="list-style-type: none"> • To monitor and evaluate municipal performance. <p>3. Key issues for 2009/10</p> <ul style="list-style-type: none"> • Conduct quarterly monitoring sessions; and • Develop Annual Report, SDBIP and performance plans.

Integrated Development Planning unit is responsible for rendering services that are linked to it.

Description of the activity

1. Functions of the IDP unit
 - To manage, oversee and monitor annual review of IDP;
 - To oversee and manage write up of IDP; and
 - To monitor implementation of IDP.
2. Strategic objective
To integrate and monitor municipal plans.
3. Key issues for 2009/10
 - To produce a credible IDP; and
 - Conduct IDP/PMS forum.

IGR unit is responsible for rendering intergovernmental relations services

Description of the activity

1. Function of the unit
To manage, maintain and coordinate intergovernmental relations.
2. Strategic Objective
To link and report on issue from all spheres of government.
3. Key issues for 2009/10
 - Conduct ambassadorship feasibility study;
 - Conduct customer satisfaction survey;
 - Arrange intergovernmental meetings with all spheres of Government; and
 - Conduct intergovernmental relation workshop.

SDBIP Performance Indicators & Targets vs Actual Performance (2008/09 & 2009/10)

5.6.1.. Local Economic Development

Strategic objective	Programme objective	Programme KPI	Projects /Programme	2008/09 Annual Target	2008/09 Actual Performance	2009/10 Annual Target	2009/10 Actual Performance	Progress/Impact	Challenges	Recommendations
Address community needs through developmental spatial and integrated planning	To develop a credible IDP	% progress in development of IDP process plan	IDP	100%	100%	100%	100%	IDP process plan was completed and adopted by Council in the First Quarter. Chapter 6

Conclusion

6. CONCLUSION

In conclusion to the Annual Report, the following key issues deserve mention for appropriate summary:

6.1. Electricity Programme (2009/2010)

The municipality through partnership with the Department of Energy's funding programme, earmarked to speed up the electrification programme in Municipalities, managed to electrify 1450 households during the 2009/2010 financial year, in the following villages, Lepelle, Tswenyane, Bokome, Ditensing and Kalkfontein at the tune of R11,7m. Almost all projects were completed and energised on time before the world cup, except for Lepelle which was to be energised at a later stage.

6.1.1. Bulk electricity Supply and backlog

Bulk supply or capacity remains an obstacle in the fight against electricity backlog, however Eskom has made commitments to build new and upgrade existing power stations in the next five years. The backlog is currently at 28 961 HH, which represent 43% backlog.

6.1.2. Provision of Free Electricity

Currently the municipality is providing free basic electricity to the indigents which are situated in Eskom licensed area. About 9292 households benefited from the Free Basic Electricity during the year under review. The figure is an average for the whole year as beneficiary statistics would vary for every month depending on the token collection rate

6.2. Roads Provision

The municipality has completed the upgrade of a total of 4.5km from gravel to tar in Praktiseer, Riba Cross and Ohrigstad, and a total of 4km's length of gravel road was re-gravelled at Kgautswane and Ga-Moraba. Through the Municipality's public works unit a total of 15km's of road was re-gravelled.

6.3. Poverty alleviation programme

Through various municipality programmes, a total of 1297 job opportunities were created during the 2009/2010 financial year targeting youth, woman and disabled.

6.4. HIV strategy implementation

HIV remains a thorny issue; however numerous efforts had been made through awareness campaigns to enhance consciousness to a varied spectrum of the community and thereby realising the key tenet of the strategy adopted during the year under review. Commendable praise is owed to the Local AIDS Council which embraced to advance the objectives of the above mentioned strategy.

6.5. Transfer of water services

The SDM together with GTM initiated and facilitated the transfer of the water services back to the WSA (SDM) for the purpose of correcting and creating proper process which will ensure legislative compliance in rendering the service, both at the level of WSA and WSP.

6.5.1. Bulk infrastructure

The limited bulk infrastructure remains a stumbling block in realising standard provision of water, highly potential economic growth, property development and equally affect the income for the Municipality. A substantial amount of money needs to be allocated to address the related challenges

6.6. Land bottlenecks

The municipality given its predominance of rural areas, is found victim of communal land which is typical of other rural areas where land allocation is a nightmare for commendable settlement and planning. Private land ownership is also a typical feature present especially in urban centres. The two features above proves difficult for the municipality to advance strategic developments with ease as most of the negotiation processes consume quality time supposed to replace intense planning and implementation.

6.7. Leased land

The municipality through ELD department initiated a process of leasing pockets of land belonging to the Municipality in order to attract economic growth and land development through private sector initiatives, some of the development initiatives are at various stages of planning (EIA and not limited to that), however the progress had not been as per the expected rate, which is equally affecting the projected income anticipated in the initiatives

6.8. Planning of Burgersfort CBD

- **Private land ownership**

The land in Burgersfort is predominantly owned by the private sector, which is both an opportunity and a challenge, an opportunity because the private sector can mobilize resources and put infrastructure necessary for the development, but equally a challenge when private sector is gripped by greed, through inflating prices to the level that only the mines can afford, leaving land unattainable to individuals.

- **Bulk Infrastructure Investment**

The lack of bulk infrastructure funding and development within areas of potential growth impact negatively by diverting potential future investors to our neighbouring municipality i.e. Lydenburg which is able to respond promptly to the needs of land development through their available infrastructure

6.9. RECOMMENDATION

- A lot of emphases need to be given to the growth and development of the Municipality with a special focus on the development of bulk infrastructure, on water and sewage, as well as electricity. Proper infrastructure is key and instrumental in attracting private and public investment.
- Therefore institution such as SDM needs to prioritise and focus their resource towards assisting Municipalities to realise their economic plans, by working and coordinating resources in a concerted effort, in which a single investment exercised is able to trigger multiple investment as a result of one. Currently Municipality is losing a lot of investment and economic growth to Lydenburg, and Lydenburg is growing at the expense of GTM's inability to respond to infrastructure needs, therefore infrastructure is required to contain and manage economic development.

The infrastructure Projects records since 2006/07 financial year till to date.....

Financial Year	Village/Town	Project Category	Households To/or Benefited	Description	Budget & Funding Source	Expenditure To Date	Progress To Date	Status
2006/2007	Mapodile Ward 02	Roads	727	Upgrading of road from gravel to surface	R 2,500,000.00	R 2,500,000.00	100%	Completed
